NOTICE OF PRIVACY PRACTICES

Effective Date: April 8, 2013

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

If you have any questions about this Notice, please contact:

Alex Reyes at (210) 479-9292

WHO WILL FOLLOW THIS NOTICE?

1. Through the Years Pediatrics physicians;
2. Through the Years Pediatrics providers; and
3. All Through the Years Pediatrics Employees.

We understand that medical information about you and your health is personal and are committed to protecting this information. When you receive care at Through the Years Pediatrics, a record of the care and services you receive is made. Typically, this record contains your treatment plan, history and physical, tests results, and billing record. This record serves as a:

1. Basis for planning your treatment and services;
2. Means of communication among the physicians and other health care providers involved in your care;
3. Means by which you or a third-party payor can verify that services billed were actually provided;
4. Source of information for public health officials; and
5. Tool for assessing and continually working to improve the care rendered.

This Notice tells you the ways we may use and disclose your Protected Health Information (referred to herein as “medical information”). It also describes your rights and our obligations regarding the use and disclosure of medical information.

OUR RESPONSIBILITIES

Through the Years Pediatrics shall:

1. Make every effort to maintain the privacy of your medical information;
2. Provide you with notice of our legal duties and privacy practices with respect to information we collect and maintain about you;
3. Abide by the terms of this notice;

4. Notify you if we are unable to agree to a requested restriction; and
5. Accommodate reasonable requests you may have to communicate health information by alternative means or at alternative locations.
6. Notify you, and the Department of Health and Human Services, of any unauthorized acquisition, access, use or disclosure of your unsecured medical information that presents a significant risk of financial, reputational or other harm to you, to the extent required by law. Unsecured medical information means medical information not secured by technology that renders the information unusable, unreadable, or indecipherable as required by law.

THE METHODS IN WHICH WE MAY USE AND DISCLOSE MEDICAL INFORMATION ABOUT YOU

The following categories describe different ways we may use and disclose your medical information. The examples provided serve only as guidance and do not include every possible use or disclosure.

1. **For Treatment.** We will use and disclose your medical information to provide, coordinate, or manage your health care and any related services. For example, we may share your information with your primary care physician or other specialists to whom you are referred for follow-up care.
2. **For Payment.** We will use and disclose medical information about you so that the treatment and services you receive may be billed and payment may be collected from you, an insurance company, or a third party. For example, we may need to disclose your medical information to a health plan in order for the health plan to pay for the services rendered to you.
3. **For Health Care Operations.** We may use and disclose medical information about you for office operations. These uses and disclosures are necessary to run Through the Years Pediatrics in an efficient manner and provide that all patients receive quality care. For example, your medical records and health information may be used in the evaluation of services, and the appropriateness and quality of health care treatment. In addition, medical records are audited for timely documentation and correct billing.
4. **Appointment Reminders.** We may use and disclose medical information in order to remind you of an appointment. For example, Through the Years Pediatrics may provide a written or telephone reminder that your next appointment with Through the Years Pediatrics is coming up.
5. **Research.** Under certain circumstances, we may use and disclose medical information about you for research purposes. For example, a research project may involve comparing the surgical outcome of all patients for whom one type of procedure is used to those for whom another procedure is used for the same condition. All research projects, however, are subject to a special approval process. Prior to using or disclosing any medical information, the project must be approved through this research approval process. We will ask for your specific authorization if the researcher will have access to your name, address, or other information that reveals who you are, or will be involved in your care.

6. **As Required by Law.** We will disclose medical information about you when required to do so by federal or Texas laws or regulations.
7. **To Avert a Serious Threat to Health or Safety.** We may use and disclose medical information about you to medical or law enforcement personnel when necessary to prevent a serious threat to your health or safety or the health and safety of another person.
8. **Sale of Practice.** We may use and disclose medical information about you to another health care facility or group of physicians in the sale, transfer, merger, or consolidation of our practice.

Health oversight agencies include public and private agencies authorized by law to oversee the health care system. These oversight activities include, for example, audits, investigations, inspections, and licensure. These activities are necessary for the government to monitor the health care system, government programs, eligibility or compliance, and to enforce health-related civil rights and criminal laws.

DISCLOSURES REQUIRING AUTHORIZATION

1. **Confidentiality of Psychotherapy Notes.** Psychotherapy notes are notes by a mental health professional that document or analyze the contents of a conversation during a private counseling session - or during a group, or family counseling session. If these notes are maintained separate from the rest of your medical records, they can only be used and disclosed as follows. In general, psychotherapy notes may not be used or disclosed without your written authorization, except in the following circumstances.

Psychotherapy notes about you may be used and disclosed without your written authorization in the following situations:

- a. The mental health professional who created the notes may use them to provide you with further treatment;

- f. The mental health professional who created the notes may disclose them to the United States Department of Health and Human Services when that agency requests them in order to investigate the mental health professional's compliance, or Through the Years Pediatrics' compliance, with Federal privacy and confidentiality laws and regulations; and
- g. The mental health professional who created the notes may disclose them to medical examiners and coroners, if necessary, to determine your cause of death.

All other uses and disclosures of psychotherapy notes require your written authorization.

2. **Electronic Disclosure.** We may use and disclose your medical information electronically. For example, your medical information is maintained on an electronic health record. If another provider providing your treatment requests a copy of your medical records, we may forward such record electronically.
3. **Marketing.** Marketing *generally* includes a communication made to describe a health-related product or service that may encourage you to purchase or use the product or service. For example, marketing includes communications to you about new state-of-the-art equipment if the equipment manufacturer pays us to send the communication to you. We will obtain your written authorization to use and disclose PHI for marketing purposes unless the communication is made face-to-face, involves a promotional gift of nominal value, or otherwise permitted by law.

All other uses and disclosures of your information for marketing purposes requires your written authorization.

4. **Sale of your Medical Information.** Through the Years Pediatrics will not sell your medical information for marketing purposes. However, there are instances in which Through the Years Pediatrics will sell your PHI. Through the Year Pediatrics may disclose PHI in exchange for remuneration to another covered entity for treatment, payment, or certain health care operations. For example, should Through the Years Pediatrics merge or the practice is sold to another physician group, your medical record may be part of the asset transfer.

Any other sale of Protected Health Information requires your written authorization.

YOUR RIGHTS REGARDING MEDICAL INFORMATION ABOUT YOU

You have the following rights regarding medical information collected and maintained about you:

1. **Right to Inspect and Copy.** You have the right to inspect and copy medical information that may be used to make decisions about your care. Usually, this includes medical and billing records.

If you are denied access to medical information, you may request that the denial be reviewed. Through the Years Pediatrics will comply with the outcome of the review.

2. **Right to Amend.** If you feel that medical information maintained about you is incorrect or incomplete, you may ask Through the Years Pediatrics to amend the information. You have the right to request an amendment for as long as the information is kept by Through the Years Pediatrics.

Through the Years Pediatrics may deny your request for an amendment if it is not in writing or does not include a reason to support the request. In addition, Through the Years Pediatrics may deny your request if you ask us to amend information that:

To request this list you must submit your request in writing to Dr. Brandy McCray, MD. Your request must state a time period, which may not be longer than six (6) years. Your request should indicate in what form you want the list (for example, on paper or electronically). The first list you request within a 12-month period will be free. For additional lists within the 12-month period, you may be charged for the cost of providing the list.
