

We are very excited to announce we have a great new service to make it easier for parents to complete surveys for their child's well child, asthma or behavioral visits! This change is part of our transition to a new electronic records system and will decrease your wait time in the office and give your provider a more complete overall picture of your child's growth and development.

Effective July 25th, parents will be asked to go to Chadis.com to complete surveys before their child's visits.

1. Go to www.chadis.com and register under the section marked "Families and Teens"

2. Fill out the information requested.

The **invitation code** is our office phone # **2104799292**

*****DO NOT enter an EMAIL address when registering.**

3. **Write down or print out your user name and password.**
4. Enter your child's information (you will have the opportunity to add other children later).
5. Choose your doctor.
6. Choose a visit type from the list. If you are unsure, please call the clinic for guidance.

Reason for using CHADIS

Why are you using CHADIS today for Kyle?

- [Well child / checkup visit](#)
- [ADHD Initial Visit](#)
- [ADHD Follow Up Visit](#)
- [Anxiety/Depression Screening Visit](#)
- [Behavioral Visit](#)
- [Asthma Check or Visit](#)

7. Take the survey(s) listed for your child *before* their visit. There is a green status bar at the top that will let you now how far along you are. If needed, you can save your answers and return later to finish.
8. In the top right hand corner select "My Profile". Edit your profile to add an email address under messaging preferences.

****Finishing your survey *before* your child's visit will decrease your wait time and give your provider a more complete overall picture of your child's growth and development.****
